

Using cadaveric simulation to introduce the concept and skills required to start performing transanal total mesorectal excision

G. R. Wynn, R. C. T. Austin and R. W. Motson

ICENI Centre, Colchester, UK

Received 14 May 2017; accepted 8 December 2017; Accepted Article online 25 January 2018

ORIGINAL ARTICLE

Incidence and Risk Factors for Anastomotic Failure in 1594 Patients Treated by Transanal Total Mesorectal Excision

Results From the International TaTME Registry

Marta Penna, MRCS,*†, Roel Hompes, MD,* Steve Arnold, FRCS,‡, Greg Wynn, FRCS,§, Ralph Austin, FRCS,§, Janindra Warusavitarne, PhD,¶, Brendan Moran, FRCS,‡, George B. Hanna, PhD,†, Neil J. Mortensen, FRCS,* and Paris P. Tekkis, FRCS†||, on behalf of the International TaTME Registry Collaborative
